

Avondale Estates Roundabout and  
Road Diet Feasibility Study

# Build-an-Intersection Day

Saturday, December 6, 2014

10:00 AM to 4:00 PM

City Hall Council Chambers

The Avondale Estates Downtown Master Plan Update adopted earlier this year proposed two possible projects to help make our downtown more walkable and attractive: a road diet that reduces the width of East College Avenue (US 278) and a roundabout intersection at US 278 and North Clarendon Avenue in the Historic Tudor district.

The City has been working with a team of planners and engineers to further study how well this could work - come meet with them and help set up a temporary street project that shows us what this could look like!

More details on this event to follow throughout November and early December. We hope to see you there!

Questions? Contact Keri Stevens, City Planner and Community Development Officer, at 404-294-5400, ext. 204, or [kstevens@avondaleestates.org](mailto:kstevens@avondaleestates.org)

or visit the Downtown Master Plan's website at <http://www.avondaleestates.org/downtownmaster.html>
