- Item #3 **Town Green Pavilion Construction Drawings**
- Item #4 **Police Update**
- Item #5 **Discussion About Gas Leaf Blowers**
- Item #6 **Sanitation Fees**  
This is an annual process. Fees for 2022 must be set for residential and commercial locations. Staff recommends a fee level commiserate with balancing the sanitation fund budget.
- Item #7 **Discussion of Ordinance to Require Sewage Service for New Construction**  
An ordinance would be needed to put the city in compliance with the Metro North Georgia Water Planning District Water Resource Management plan.
- Item #8 **Water Waste Policy**  
This item is also a requirement of the plan mentioned above. The goal is to discourage or prohibit water waste.
- Item #9 **Stormwater Extent of Service Proposals**  
Staff seeks direction from the BOMC regarding the level of extent of service policy the city should put in place. These policies concern stormwater infrastructure maintenance and repair on public versus private property. City staff gave a presentation to the BOMC on this topic at the previous work session.
